

NWYS Birthday Cards

We hope you will join us in showing our clients how much we care on their birthday!

The front of the card should read:

Happy Birthday!

Some ideas for the inside of the card:

- *We hope you have a wonderful birthday.*
- *Wishing you a happy birthday & year ahead.*
- *Wishing you the biggest slice of happy today!*
- *Hope all your birthday wishes come true!*

Feel free to be as creative as you would like with your drawings, but even simple designs like smiley faces and rainbows are easy and always brighten someone's day. In order for your cards to be used, they need to follow these guidelines:

- Please do not include anything religious. We are a non-sectarian organization and our clients come from various backgrounds and beliefs.
- Please do not use writing materials that smear (like oil pastels)
- Please do not sign your name or give out any personal information

Please email ChristyG@nwys.org to organize a time to drop off your completed cards to 108 Prospect Street. (360-734-9862 ext. 235)

**Again, we cannot thank you enough for participating in this project!
We are so excited to see what you create!**
